## DAY

- 1** Depart Phoenix and travel west toward the California coast, arriving in Long Beach for a two-night stay aboard the legendary **Queen Mary**. Once the grandest ocean liner in the world, this floating icon is filled with rich history, elegant architecture, and fascinating stories from decades past. Enjoy a **guided history tour** to discover the ship's glamorous beginnings, wartime service, and famous guests. This evening, settle into your stateroom and take time to explore the ship and enjoy dinner on your own onboard or in Long Beach.
- 2** After breakfast, board the ferry for a scenic cruise to beautiful **Catalina Island**. Choose to join an **optional tour of Avalon**, or spend the day soaking in the island's relaxed charm, ocean views, and Mediterranean feel. Explore the quaint waterfront town, browse unique boutiques, and enjoy lunch on your own. Whether you choose to take the tour, stroll the harbor, ride a golf cart around town, or just unwind by the water, Catalina offers the perfect coastal escape.
- 3** This morning, depart for the spectacular **Ronald Reagan Presidential Library**, where history comes to life. Explore engaging exhibits highlighting President Reagan's legacy, step aboard the actual Air Force One, and experience one of the nation's most impressive presidential museums. Enjoy an included lunch, then continue your journey to sunny Palm Springs, known for its desert beauty, mid-century style, and laid-back elegance. This evening, enjoy **Palm Springs Village Fest**. Stroll through the vibrant downtown area, browse local artisans and food vendors, and enjoy free time to explore Palm Springs' charming shops, galleries, and attractions.
- 4** Before heading home, visit the stunning **Sunnylands estate**, often called the "Camp David of the West." Discover the beautifully landscaped gardens and learn about the estate's role in hosting presidents, world leaders, and influential figures. After your visit, travel back to Phoenix.
